

20th August 2015

To whom it may concern,

It is with pleasure I write this reference for Applied Chemicals.

Applied Chemicals have been our preferred supplier of all chemicals since May 2006 and continue to do so, they have an astute knowledge of their products and provide exceptional customer service. They work with our team to ensure that;

1. We are using the right chemical for the job at hand
2. All staff are trained in safety and the handling of all chemicals
3. Monthly reporting is completed and up to date as part of our Food Safety Programme
4. We maintain cost efficiencies for all chemical needs and provide sound advice when questioned
5. All cleaning equipment is kept and maintained to a high standard
6. They deliver on what is promised
7. Quick turnaround/response to any special requests or queries.

The support/service and products that Applied Chemicals provide are second to none and we believe cannot be beaten.

Should you require any further assistance or response I'd be more than happy to provide/discuss further if needed.

Glenn Nicolson
Operations Manager (Freshpork Northern)
